OUR ACCOMMODATION

MIDDLETON GARDENS RESIDENTIAL CARE

Middleton Gardens offers modern, spacious living with 22 en-suite bedrooms, some with private patio doors opening onto the gardens. It is perfect for those who enjoy companionship but need some support with personal care and mobility.

MIDDLETON COURT RESIDENTIAL CARE

Middleton Court offers tailored residential care for those needing more complex support, including neurological conditions, stroke recovery, or assistance with mobility.

It is ideal for those who need a little more help day-to-day, in a supportive and compassionate environment.

MIDDLETON OAKS SUPPORTED LIVING

The three supported households in Middleton Oaks provide a home from home environment offering small group living. They are designed to allow people who may need some prompts and encouragement to live as independently as possible. Often those who benefit are living with dementia.

Eight people live in each of the innovative households which are based on a Dutch model to create a more home-like, personal experience. Residents often need a higher level of practical, nurturing support and everyone is accepted on their own terms. The houses are open door facilities so people can lead as independent a life as possible and enjoy the estate's facilities and grounds in a way we assess and agree is as safe as possible.

MIDDLETON GROVE APARTMENTS WITH CARE AND SUPPORT

Middleton Grove offers stylish apartments for those who value independence but would benefit from living in a small friendly community offering care, support, security and companionship.

The well-appointed apartments, including some in the Georgian wing, feature a sitting room, bedroom, accessible bathroom, and kitchen area equipped for independent living. Flexible service options that include housekeeping, laundry, and transport are available, with optional care support if needed.

SOME REVIEWS OF OUR CARE SERVICES

"If there were 100 stars on the review I would give it 100 stars. I will not be able to say thank you enough times to every member of staff who treated my father with kindness and dignity ... they are the most amazing people. I visited regularly and each time I left I knew that my father was safe. Choosing Middleton Hall was the best decision we made."

Care resident's son

"Middleton Hall is a fantastic place. The place is immaculate. The staff cannot do enough for you. Friendly, professional and caring. I was there for 2 weeks for respite care, made some new friends and loved the staff."

Short stay resident

"The management and staff go above and beyond in their care for the residents at Middleton Hall, nothing is a problem. The environment is friendly from the moment that you enter the beautiful grounds, pass through reception and progress through the immaculate and well-maintained buildings. The food is excellent and there are many activities available to residents."

Friend of care resident

"My mother visited for a short stay to help her decide whether she would like to move there permanently. She loved it so much, she decided she didn't want to return home. She is so very happy - everything she needs is attended to with a smile."

Support apartment resident's daughter

"The care and support my sister received was second to none. The carers and all the staff were friendly and treated my sister as if she was a member of their own family. Wherever we went they knew my sister and I cannot thank the staff and everyone who works there enough."

Care resident's brother

"The accommodation is spotless and the facilities, gardens etc add much more to the enjoyment of the place. Involvement depends on what residents can manage and this is where the empathy and professionalism of the carers was delivered with knowledge of our parents' needs and situations."
